

Help Make A Difference In The Education Of Our Kids!

Join the Napa Chamber of Commerce in contributing to improved education to our kids. NapaLearns is not just about putting technology in classrooms, it's about helping kids WANT to learn. Help us to give them new tools and methodologies for learning that traditional education can't. Studies are showing that more students in schools using these new methods are testing higher in basic skills and are more likely to become leaders than from schools not using them.

The Chamber Foundation has made it easy for you to contribute a tax deductible amount from your credit card or checking account through automatic deduction on a monthly basis. If you only give \$21 per month, you'll make a big difference over time. Simply complete this form and give it to Lynn Page or Randy Martinsen on your way out of the E3 conference today, and we will get you started.

Monthly Amount: _____ AMEX Visa MC Discover

Card Number: _____ Expires: _____

Name on account: _____

Address: _____ City: _____ State: _____ Zip: _____

Billing Phone: _____ Signature: _____

* If you wish to setup automatic bank withdrawals, please contact Lynn at 707-254-1145 for instructions.
