

SAN FRANCISCO
THEOLOGICAL
SEMINARY

April 4th, 2012
105 Seminary Rd.
San Anselmo, CA, 94960

To the San Anselmo Chamber of Commerce and local businesses,

The students of San Francisco Theological Seminary (SFTS) are interested in proposing a discount plan for the students of the SFTS community with local businesses in San Anselmo.

The goal of this plan is to encourage SFTS students to shop locally. This would allow a boost in patronage for the businesses, while offering members of the SFTS community a 10% to 20% discount at participating businesses in San Anselmo. Students would only be allowed this discount if they are able to present an up-to-date SFTS student ID card upon purchase.

We are committed to our institution's larger community and see this as a way to promote a stronger local relationship. This discount plan would encourage the communities of San Anselmo and San Francisco Theological Seminary to interact with one another, increasing local shopping and allowing affordable prices for students with limited budgets.

We hope that you will consider participating in this discount plan for students in the SFTS community and we look forward to more communication with you!

Sincerely,

The Student Association Council
San Francisco Theological Seminary
